

Follow Us on Twitter

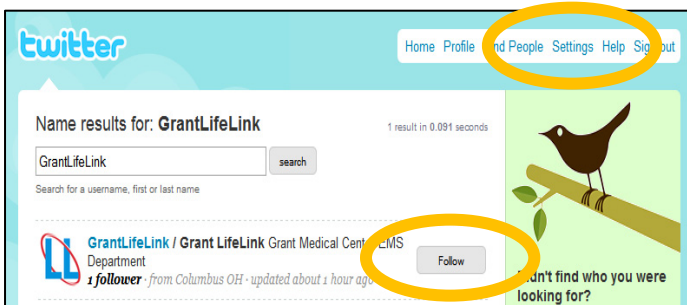

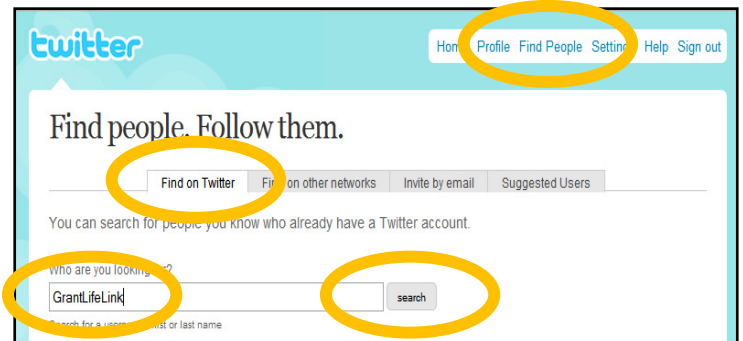

for periodic EMS announcements and reminders

Twitter is a micro-blog where users post short text updates (Tweets) for their “followers” to read on the web or their mobile devices.

Become a user at www.twitter.com by clicking the **Get Started Now** button.

Once you’ve joined, click **Find People**.
Click the **Find on Twitter** tab.
Type **GrantLifeLink** in the search field.
Click the **search** button.

Once you see our profile listed, click the **Follow** button to start getting updates.

To set up your phone to receive updates, click **Settings** and then **devices**.

Periodically we'll send short updates about new classes, upcoming EMS-related events, or other important information from LifeLink Outreach Education, Grant EMS Education and Grant Medical Center's EMS Coordinator. It's an easy, free way to stay informed.
